

Fixtures Card (Blue Peter Version)

For the creative amongst you who failed miserably to attend the AGM and didn't receive a fixtures card, beautifully crafted in a genuine paper and laminate finish, here is a DIY approach to making your own using the copy below.

Tools required: Scissors
Glue stick

1. Print this page on light card or heavyweight paper
2. Roughly cut round the large box below (dashed line)
3. Fold along the right side of the black box with the thin line
4. Ensure the text is on the outside (you guessed didn't you)
5. Glue the two insides together to form a double sided card
6. Cut round the other 3 sides of the black box (now double thickness)

[HOT TIP - make 2 to gain friends and influence people](#)
